For: ELECTRONIC CALENDAR WITH GROUP SCHEDULING

**RESPONSIVE AMENDMENT TO FINAL OFFICE ACTION**

Assistant Commissioner for Patents  
Washington, D.C. 20231

Sir:

**AMENDMENT**

In response to the Office Action mailed July 27, 2000, please amend the above-captioned patent application as follows.

**IN THE CLAIMS**

Please amend claims 1 and 4-6 as indicated below.

1. (Twice Amended) A system for scheduling time intervals for a plurality of users in a networked environment comprising:

database means for storing a profile for each potential invitee of the system, the invitee profiles comprising user profiles wherein each user profile comprises information regarding available and unavailable times for that user, the database means being located at one or more server locations;

request generating means, located remotely from the server locations, for generating a request for allocation of a time interval for one or more of the plurality of invitees;
